LET US CREATE YOUR WHEEL

Wheels Now will work with you to create a customized wheel solution. We stock a variety of rims, bases, and disc centers to help create a customized wheel for you. From specialized bolt patterns, to unique disc offsets to paint colors, we can build wheels to your exact specifications. We can work from your print or create prototypes for testing and production.

Converting to a Bigger Size Wheel? Changing Wheel Offsets? Converting from Dual Wheels to a Single Wheel? Converting from Tube-type Wheels to Tubeless Wheels? Got Widow Maker wheels? **We can customize a solution.**

Highway Wheels. We carry a wide variety of highway truck wheels from Accuride, Alcoa, Hayes/Maxion, and Topy. From Hub-Piloted to Stud Piloted, 5, 6, 8, and 10 hole we have them waiting for you. Call us today to place an order.

Agricultural, Implement, Industrial, Off-Road, Specialty & Custom Wheels are also available.

EASY ONLINE QUOTES

Hear from us within 1 Business Day! Simply use our online quote form at **wheelsnowinc.com**. You'll also find helpful tools like our Wheel Measurement Guide, or you can **chat live online with a wheel expert** and get an answer in under a minute.

We have **an extensive line of obsolete wheels** from original manufacturers like Accuride, Budd, Hayes/Motor Wheel, Titan and Topy. **Restoring an old truck?** We stock those hard to find 5 hole, 6 hole and 10 hole wheels. Our knowledgeable sales staff can also help you with **converting from tube-type wheels to the more popular tubeless wheels.**
